

My Family Escape Plan

Use the space below to draw the floor plan of your house or apartment. Draw an escape route for your family to get out of the house in the safest, quickest way. Also decide on a place for all family members to meet outside of your home.

Make sure everyone in your family knows the escape plan, and practice the plan with your family often.

A large, empty rectangular box with a thin black border, intended for drawing a floor plan and an escape route.
